EDUCATION

B.Eng. Computer Engineering	**Chulalongkorn University**	Bangkok, Thailand	**2021-2025**

EXPERIENCE

Gosoft (Thailand) Co., Ltd.   June 2024 - July 2024

<u>**Software engineer intern**</u>

- Design and develop web applications according to the requirements
  on both the front-end and back-end sides

PROJECTS

- **CU Scheduling System**
  - Developed a university course scheduling and recommendation system for Chulalongkorn University. Designed and implemented features including personalized course recommendations, suitability analysis using historical data, and grade prediction. Utilized a microservices architecture with FastAPI, Node.js, PostgreSQL, and GitLab CI/CD, and followed the Agile SDLC for development and deployment.
  - [Readmore](#)
